West.—Thence the line runs north-west for about 17 chains along the eastern side of Survey No. 46 of Udevu village, then runs east for 14 chains along the southern side of Survey No. 27 to its south-east corner, then runs north-east for about 39 chains touching the south-east corner of Survey Nos. 21 and 16 of Udevu village, then runs north for about 40 chains along the eastern side of Nos. 16, 10, 9 and 8 of Udevu to the north-east corner bandh of Survey No. 8 of the said village, then runs north-west for about 14 chains to the south-east corner bandh of Survey No. 5 of Marekalhalli, then runs north-east and east for about 27 chains along the eastern side of Survey Nos. 5, 3 and 2 of the said village to the north-east corner of the last named survey number then runs north about 10 chains along the eastern side of Survey No. 2 then runs north-west about 46 chains passing through Survey No. 1 of the above said village, touches the Chikmagalur Tarikere high road near the tank at about 2 chains from the north-west corner of the tank, then the line runs north along the right side of the same high road for about 95 chains and joins the starting point.

BLOCK II.

North.—Starting from the south-west corner bandh of Survey No. 46 of Udevu village the line runs south-east for about 22 chains touching the southernmost corners of Survey Nos. 43, 42 of the above said village, then runs east in a straight line for about 45 chains to the south-east corner of survey No. 31, then runs along the eastern sides of the same survey number for about 15 chains to the north-east corner of the same survey number then runs south-east along the southern side of Survey No. 30 of the above said village for about 164 chains to the south-east corner of the same survey number.

East.—Then the line runs south-west and south along the eastern boundary line of the Udevu and Pillebeeranahalli villages for about 233 chains and meets the Tarikere-Sakrepatna high road at the south-east corner of Pillebeeranahalli boundary.

South.—Thence the line runs south-west for about 80 chains then west for 60 chains then north-west for 60 chains along the southern side of Kamandurga village boundary line and meets the point where Chikmagalur Tarikere high road crosses the village boundary line.

West.—Thence the line runs north for about 45 chains along the right side of Chikmagalur Tarikere high road, then crosses the jungle stream and runs north-east along the same high road for about 175 chains, then runs south-east for about 32 chains to the south-west corner of Survey No. 1 of Pillebeeranahalli through Survey No. 4 of the said village, then runs east for about 13 chains to the south-east corner of Survey No. 1 then runs north for about 28 chains along the eastern side of Survey No. 1 and meets again the same high road after crossing the jungle stream, then runs east for about 12 chains along the right side of the same high road and meets the point where the high road branches to Sakrepatna, then the line runs along the right side of the same high road north-west and north for 15 chains and joins the starting point.

No. R. 38—*L. R.* 21-23-46, *dated 7th July* 1924.

Under Section 48 (*i*) of the Land Acquisition Regulation No. VII of 1894, the acquisition of lands for extending the Bodgurki village, Kamasandra Hobli, Bowringpet Taluk, ordered in Government Notification No. R. 12620—L. R. 299-16-31, dated 20th June 1917, is hereby withdrawn.

By Order,
K. V. ANANTARAMAN,
Offg. *Secretary to Government,*
Revenue Department.

PUBLIC WORKS SECRETARIAT.

No. P. W. 13-19—*K. S. S.* 114-120, *dated 8th July* 1924.

In pursuance of the programme of works sanctioned for the Krishnarajasagara Dam Works during the current year in G. O. No. 208-18—K. S. S. 1418-28, dated the 31st December 1923, the work of constructing a sluice, 6′ x 8′ at +60 level of the Reservoir at the entrance to the tunnel feeding the Right Bank Low Level Canal has to be taken up and completed during the next summer months. Although according to G. O. No. 1218-26—7805-13, dated 13th September 1913 the channels have to be closed on 10th January, it has been the practice to allow water during the last few years for several days even after 10th January in the Right Bank Low Level Canal from the Reservoir, but such a concession will not be possible during the current year beyond 20th January for the reasons stated above. Further, no hot weather supplies can be allowed in the channel during the next summer for any lands under it. Those owning lands under this channel are therefore requested to note the above and arrange for early sowing and harvesting.

All officers of Government concerned are requested to take such action as may be necessary to speed up agricultural operations by the 20th January 1925 and not to allow cultivation of any crop requiring hot weather supplies during the summer of 1925.

No. P. W. 1548-1550—*E.* 2, *dated* 30*th June* 1924.

Under Section 6 of the Land Acquisition Regulation, No. VII of 1894, it is hereby declared that the lands described hereunder are required for a public purpose, *viz.*, for opening out a feeder channel to Malur Doddakere, and under Sections 7 and 3 (*c*) of the said Regulation, the Assistant Commissioner in charge of Kolar Sub-Division, is authorised to take order for the acquisition of the said lands:—

2. A plan of the property described below will be kept in the said Kolar Sub-Division Office for inspection of the public during the office hours.
